

- Converted Figma designs into pixel-perfect, production-ready responsive interfaces across desktop and mobile devices.
- Managed order processing workflows, integrated third-party APIs, and maintained eCommerce dashboards to streamline business operations.
- Improved website performance, PageSpeed scores, technical SEO, and checkout experiences, resulting in faster load times and higher conversion rates.

KEY ACHIEVEMENTS

- Developed and maintained websites serving customers across India, the UK, the US, France, and Turkey.
- Improved Google PageSpeed scores from 40 to 75+ through frontend optimization.
- Built responsive and mobile-first web applications using React.js and modern frontend technologies.
- Integrated REST APIs and third-party services to streamline business workflows.
- Converted Figma designs into pixel-perfect production-ready interfaces.
